SENATE BILL

No. 1032

Introduced by Senator Hollingsworth

February 22, 2005

An act to amend Sections 331; and 332 of the Fish and Game Code, relating to hunting.

LEGISLATIVE COUNSEL'S DIGEST

SB 1032, as amended, Hollingsworth. Antelope and elk hunting.

Existing law authorizes a resident of the state to obtain a license tag for the taking of antelope or elk if certain requirements are met. Existing law fixes the fee for an antelope license tag at \$55 per person and the fee for an elk license tag at \$165 per person, and specifies that only a resident of the State of California possessing a valid hunting license may obtain a license tag for the taking of antelope or elk, as provided. Existing law requires the Fish and Game Commission to annually direct the Department of Fish and Game to authorize the sale of a specified number of antelope, elk, and deer license tags that may be sold at auction to residents or nonresidents, as provided.

This bill would authorize any person generally, without regard to residency, to obtain an antelope or elk license tag if certain requirements are met. The bill would also require the commission on or before July 1, 2007, and by regulation, to fix the antelope license

tag fee for a nonresident of the state at not less than ~~\$55~~ \$350 and to fix the elk license tag fee for a nonresident of the state at not less than ~~\$165~~ \$1050. *The bill would limit the number of tags issued annually to nonresidents to one antelope tag and one elk tag.*

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
